Perfect for fans of Lauren Wolk’s Beyond the Bright Sea and Kelly Barnhill’s The Girl Who Drank the Moon. Taking our food system back is an act of revolution. Restoring the feminine is an act of sacred responsibility. Returning to the cycles of nature is an act of love. Grounding into the soil is an act of hope. The soil, the fertile ground beneath us, holds the key to the future of our planet and our species—yet few people are aware of the critical role soil health plays in reversing climate change. With Grounded, Dr. Erin Yu-Juin McMorrow takes us on a journey to explore the sacred interconnectedness between our soil and ourselves, seamlessly weaving the science of our broken carbon cycle and the oppression of the divine feminine into a powerful tapestry of hope and resilience. McMorrow is the voice of a generation that carries the future of our planet on their shoulders. “There’s no other group of people to pass this on to,” she writes. “If we want to create a world that we can keep living in, it’s time, and it’s us.” In Grounded, McMorrow guides us through the inner and outer work needed to restore the divine feminine and save our planet. Highlights include: The “brass tacks” of climate change—how everything from biodiversity loss to ocean acidification has roots in the killing of the microscopic life in our soil The fertile soil is feminine—and the destruction of our earth and the feminine go hand in hand Sex, birth, life, and death—how our natural cycles parallel the sacred cycles of nature How to create truly regenerative systems that celebrate the natural world’s infinite diversity, resilience, and abundance Practices to help you start making a difference right now—from personal reflections and meditations to seed saving and composting Finding hope in the sacred nature of this work—when we do our part, just as with all of nature, spirit fills in the rest Becoming grounded—root within to remember that you are of the earth, awaken your divine power, and expand in the world Grounded is both a clarion call and a revolutionary guide for restoring the sacred cycles that sustain all life. “With every step we take toward a more regenerative and abundant future,” McMorrow writes, “we engage in the important work of saving our soil—and our souls.” A Newbery Honor Book • BookPage Best Books • Chicago Public Library Best Fiction • Goodreads Choice Awards Nominee • Horn Book Fanfare • New York Times Notable Children’s Book • School Library Journal Best Book • Today Show Pick • An ALA Notable Book “A 10 out of 10 . . . Anyone interested in science, sibling relationships, and friendships will enjoy reading We Dream of Space.”—Time for Kids Newbery Medalist and New York Times–bestselling author Erin Entrada Kelly transports readers to 1986 and introduces them to the unforgettable Cash, Fitch, and Bird Nelson Thomas in this pitch-perfect middle grade novel about family, friendship, science, and exploration. This acclaimed Newbery Honor Book is a great choice for readers of Kate DiCamillo, Rita Williams-Garcia, and Rebecca Stead. Cash, Fitch, and Bird Nelson Thomas are three siblings in seventh grade together in Park, Delaware. In 1986, as the country waits expectantly for the launch of the space shuttle Challenger, they each struggle with their own personal

anxieties. Cash, who loves basketball but has a newly broken wrist, is in danger of failing seventh grade for the second time. Fitch spends every afternoon playing Major Havoc at the arcade on Main and wrestles with an explosive temper that he doesn't understand. And Bird, his twelve-year-old twin, dreams of being NASA's first female shuttle commander, but feels like she's disappearing. The Nelson Thomas children exist in their own orbits, circling a tense and unpredictable household, with little in common except an enthusiastic science teacher named Ms. Salonga. As the launch of the Challenger approaches, Ms. Salonga gives her students a project—they are separated into spacecraft crews and must create and complete a mission. When the fated day finally arrives, it changes all of their lives and brings them together in unexpected ways. Told in three alternating points of view, *We Dream of Space* is an unforgettable and thematically rich novel for middle grade readers. We Dream of Space is illustrated throughout by the author. Covering physics/physical science, life science/biology, earth and space science, and chemistry, this research-based guide shows secondary teachers how to develop and use formative assessments to enhance learning in science. It's late summer 1793, and the streets of Philadelphia are abuzz with mosquitoes and rumors of fever. Down near the docks, many have taken ill, and the fatalities are mounting. Now they include Polly, the serving girl at the Cook Coffeehouse. But fourteen-year-old Mattie Cook doesn't get a moment to mourn the passing of her childhood playmate. New customers have overrun her family's coffee shop, located far from the mosquito-infested river, and Mattie's concerns of fever are all but overshadowed by dreams of growing her family's small business into a thriving enterprise. But when the fever begins to strike closer to home, Mattie's struggle to build a new life must give way to a new fight—the fight to stay alive. From acclaimed author Laurie Halse Anderson comes this compelling first novel in the historical middle grade *The Seeds of America* trilogy that shows the lengths we can go to cast off our chains, both physical and spiritual. As the Revolutionary War begins, thirteen-year-old Isabel wages her own fight...for freedom. Promised freedom upon the death of their owner, she and her sister, Ruth, in a cruel twist of fate become the property of a malicious New York City couple, the Locktons, who have no sympathy for the American Revolution and even less for Ruth and Isabel. When Isabel meets Curzon, a slave with ties to the Patriots, he encourages her to spy on her owners, who know details of British plans for invasion. She is reluctant at first, but when the unthinkable happens to Ruth, Isabel realizes her loyalty is available to the bidder who can provide her with freedom. #1 NEW YORK TIMES BESTSELLER • The twentieth anniversary edition of the classic story of an incredible group of students and the teacher who inspired them, featuring updates on the students' lives, new journal entries, and an introduction by Erin Gruwell Now a public television documentary, *Freedom Writers: Stories from the Heart* In 1994, an idealistic first-year teacher in Long Beach, California, named Erin Gruwell confronted a room of “unteachable, at-risk” students. She had intercepted a note with an ugly racial caricature and angrily declared that this was precisely the sort of thing that led to the Holocaust. She was met by uncomprehending looks—none of her students had heard of one of the defining moments of the twentieth century. So she rebooted her entire curriculum, using treasured books such as Anne Frank's diary as her guide to combat intolerance and misunderstanding. Her students began recording their thoughts and feelings in their own diaries, eventually dubbing themselves the “Freedom Writers.” Consisting of powerful entries from the students' diaries and narrative text by Erin Gruwell, *The Freedom Writers Diary* is an unforgettable story of how hard work, courage, and determination changed the lives of a teacher and her students. In the two decades since its original publication, the book has sold more than one million copies and inspired a major motion picture *Freedom Writers*. And now, with this twentieth-anniversary edition, readers are brought up to date on the lives of the Freedom Writers, as they blend indispensable takes on social issues with uplifting stories of attending college—and watch their own children follow in their footsteps. *The Freedom Writers Diary* remains a vital read for anyone who believes in second chances. The effects of their work will last forever.”—From the foreword by Anna Quindlen Now documented in a bestselling book, feature film, and public television documentary, the Freedom Writers phenomenon came about in 1994, when Erin Gruwell stepped into Room 203 and began her first teaching job out of college. Long Beach, California, was still reeling from the deadly violence that erupted during the Rodney King riots, and the kids in Erin's classroom reflected the anger, resentment, and hopelessness of their community. Undaunted, Erin fostered an educational philosophy that valued and promoted diversity, tolerance, and communication, and in the process, she transformed her students' lives, as well as her own. Erin Gruwell and the Freedom Writers went on to establish the Freedom Writers Foundation to replicate the success of Room 203 and provide all students with hope and opportunities to realize their academic potential. Since then, the foundation has trained more than 800 teachers around the world. *Teaching Hope* unites the voices of these Freedom Writer Teachers, who share uplifting, devastating, and poignant stories from their classrooms, stories that provide insight into the struggles and triumphs of education in all of its forms. In this acclaimed novel by Newbery Medalist Erin Entrada Kelly, twelve-year-old Apple grapples with being different; with friends and backstabbers; and with following her dreams. Publishers Weekly called *Blackbird Fly* “a true triumph,” and the Los Angeles Times Book Review said, “Apple soars like the eponymous blackbird of her favorite Beatles song.” Apple has always felt a little different from her classmates. She and her mother moved to Louisiana from the Philippines when she was little, and her mother still cooks Filipino foods and chastises Apple for becoming “too American.” When Apple's friends turn on her and everything about her life starts to seem weird and embarrassing, Apple turns to music. If she can just save enough to buy a guitar and learn to play, maybe she can change herself. It might be the music that saves her . . . or it might be her two new friends, who show her how special she

really is. Erin Entrada Kelly deftly brings Apple’s conflicted emotions to the page in her debut novel about family, friendship, popularity, and going your own way. “A must-read for those kids cringing at their own identities.”—Bulletin of the Center for Children’s Books.
