[Asghar Farhadi](#) Nov 27 2019 he release of *A Separation* (2011) was a milestone for Asghar Farhadi: After winning a slew of awards, including Iran's first Academy Award for Best Foreign Language Film, Farhadi was internationally celebrated as a new face in Iranian cinema. While Farhadi continues to establish himself as an auteur of suspenseful melodrama (his first international production, *The Past*, was released earlier this year), little has been written in Western film criticism about the director's filmography, which dates back to the early 2000s. In *Asghar Farhadi: Life and Cinema*, Tina Hassannia traces Farhadi's origins as an Iranian scriptwriter and director and provides contextual analyses for each of his six feature films, which also include *Dancing in the Dust*, *The Beautiful City*, *Fireworks* *Wednesday* and *About Elly*. In detailing Farhadi's cinematic influences and the history of the Iranian melodrama, Hassannia provides the first English introduction to this new Iranian master.

[Beautiful and Useless](#) May 14 2021 In *Beautiful and Useless*, Kim Min Jeong exposes the often funny and contradictory rifts that appear in the language of everyday circumstance. She uses slang, puns, cultural referents, and 'naughty, unwomanly' language in order to challenge readers to expand their ideas of not only what a poem is, but also how women should speak. In this way Kim undermines patriarchal authority by displaying the absurd nature of gender expectations. But even larger than issues of gender, these poems reveal the illogical systems of power behind the apparent structures that govern the logic of everyday life. By making the source of these antagonisms and gender transgressions visible, they make them less powerful. This skillful translation from Soeun Seo and Jake Levine, brings the full playfulness and intelligence of Kim's lyricism to English-language

readers.

Kashmiri Jun 14 2021 Kashmir, the northern-most state of India, boasts a language which challenges every field of linguistics, be it modern, generative, comparative, synchronic and diachronic. Although Kashmiri is only spoken by approximately three million people, its syntax, similar to Germanic and other verb-second languages, has raised many significant issues within current generative theories proposed by Chomsky and other prominent linguists. The book contains extensive description of the syntax, morphology, agreement and pronominal clitics of Kashmiri. Its originality lies in the fact it presents a wealth of information on a relatively unknown verb-second language and will help to clarify certain key issues in the current theories.

Haifa Before & After 1948 Sep 29 2022 Institute for Historical Justice and Reconciliation Series, 6 (History of International Relations Library, 27)
Haifa Before & After 1948, Narratives of a Mixed City is a voyage that 14 scholars and experts undertake through the cultural, political and social history of Haifa before and after the 1948 War. This volume, co-authored by Palestinians and Israelis - Arabs and Jews, mostly Israeli citizens, covers Haifa's architecture and its social and cultural life during the Mandate period, the Arab-Israeli competition in the oil and soap industries, the history of Arab-Jewish inter-communal relations and cohabitation, commemoration in the German Colony of Haifa, the story of two houses that represent the narrative of Palestinians in Haifa and remembrances displayed through personal accounts of the cold winter in 1950. In this remarkable project, Jews and Palestinians, write together the history and memory of the city of Haifa. Rather than presenting incommensurable national narratives, they offer a fresh and inspiring alternative: each article is co-authored by Arabs and Jews, thus turning the art of research and writing into a bi-national practice. Addressing 1948 as a benchmark, is crucial particularly today in facilitating not only a new reading of the political story, but also offering political possibilities. *Haifa Before & After 1948* is an inspirational book that deserves to be read by everyone who is interested in the history and memory of bi-national societies. She Wore Red Trainers Jan 22 2022 Praise for Na'ima B. Robert's previous publications: "Interesting, and certainly timely."—Kirkus Reviews, on *Boy Vs Girl* "Highly recommended."—TheBookBag.co.uk, on *Black Sheep* "Robert's poetic style is captivating."—School Library Journal, on *Ramadan Moon* When Ali first meets Amirah, he notices everything about her—her hijab, her long eyelashes and her red trainers—in the time it takes to have one look, before lowering his gaze. And, although Ali is still coming to terms with the loss of his mother and exploring his identity as a Muslim, and although Amirah has sworn never to get married, they can't stop thinking about each other. Can Ali and Amirah ever have a halal "happily ever after"? Na'ima B. Robert is descended from Scottish Highlanders on her father's side and the Zulu people on her mother's side. She was born in Leeds, England, grew up in Zimbabwe, and went to university in London, England. At high school, her loves included performing arts, public speaking, and writing stories that shocked her teachers! She has written several multicultural books for children which have won, and been shortlisted, for numerous awards. Na'ima divides her time between London and Cairo, Egypt, and dreams of living on a farm with her own horses. Until then, she is happy to be a mum to her four children and keep reading and writing books that take her to a different world each time.

Biologic Markers in Reproductive Toxicology Jul 04 2020 Does exposure to environmental toxicants inhibit our ability to have healthy children who develop normally? Biologic markers—indicators that can tell us when environmental factors have caused a change at the cellular or biochemical level that might affect reproductive ability—are a promising tool for research aimed at answering that important question. *Biologic Markers in Reproductive Toxicology* examines the potential of these markers in environmental health studies; clarifies definitions, underlying concepts, and possible applications; and shows the benefits to be gained from their use in reproductive and neurodevelopmental research.

Behind Picket Fences Mar 12 2021 *Behind Picket Fences* is the story of how four families deal with their trials and triumphs. Sharing the same neighborhood, even spending time together, no family knows the truth about the difficulties the others face. On the outside, Sidra and Farris have the biggest house and the most expensive cars. What no one else sees, is their struggle with infertility. If their dreams do not change to compensate for the blows of fate, their unfulfilled life may lead to deception. Mariam and Morgan's modest home exudes the rich scent of family. With children playing in the yard, they seem picture perfect. But financial struggle is their continuous battle, and their only solution may give birth to an envy which is more destructive than hunger. Summer and Porter enjoy youth and the freedom of self-employment. But discontentment and mental instability linger between them. If they are not able to build a bridge over the gap, their search for happiness may have a fatal end. May and Hasan enjoy peace and true happiness. Illness cares not, however, of letting them relish in their blessings. Only patience and time will prove if this unwelcome visitor is simply passing by, or if it will tear their world apart. An honest portrayal of love and family, *Behind Picket Fences* opens our eyes to the difficult truths hidden behind smiling faces.

Bonded Labor Feb 29 2020 Siddharth Kara's Sex Trafficking has become a critical resource for its revelations into an unconscionable business, and its detailed analysis of the trade's immense economic benefits and human cost. This volume is Kara's second, explosive study of slavery, this time focusing on the deeply entrenched and wholly unjust system of bonded labor. Drawing on eleven years of research in India, Nepal, Bangladesh, and Pakistan, Kara delves into an ancient and ever-evolving mode of slavery that ensnares roughly six out of every ten slaves in the world and generates profits that exceeded \$17.6 billion in 2011. In addition to providing a thorough economic, historical, and legal overview of bonded labor, Kara travels to the far reaches of South Asia, from cyclone-wracked southwestern Bangladesh to the Thar desert on the India-Pakistan border, to uncover the brutish realities of such industries as hand-woven-carpet making, tea and rice farming, construction, brick manufacture, and frozen-shrimp production. He describes the violent enslavement of millions of impoverished men, women, and children who toil in the production of numerous products at minimal cost to the global market. He also follows supply chains directly to Western consumers, vividly connecting regional bonded labor practices to the appetites of the world. Kara's pioneering analysis encompasses human trafficking, child labor, and global security, and he concludes with specific initiatives to eliminate the system of bonded labor from South Asia once and for all.

Obama: An Intimate Portrait Oct 26 2019 Relive the extraordinary Presidency of Barack Obama through White House photographer Pete Souza's behind-the-scenes images and stories in this #1 New York Times bestseller -- with a foreword from the President himself. During Barack Obama's two terms, Pete Souza was with the President during more crucial moments than anyone else -- and he photographed them all. Souza captured nearly two million photographs of President Obama, in moments highly classified and disarmingly candid. Obama: An Intimate Portrait reproduces more than 300

of Souza's most iconic photographs with fine-art print quality in an oversize collectible format. Together they document the most consequential hours of the Presidency -- including the historic image of President Obama and his advisors in the Situation Room during the bin Laden mission -- alongside unguarded moments with the President's family, his encounters with children, interactions with world leaders and cultural figures, and more. Souza's photographs, with the behind-the-scenes captions and stories that accompany them, communicate the pace and power of our nation's highest office. They also reveal the spirit of the extraordinary man who became our President. We see President Obama lead our nation through monumental challenges, comfort us in calamity and loss, share in hard-won victories, and set a singular example to "be kind and be useful," as he would instruct his daughters. This book puts you in the White House with President Obama, and is a treasured record of a landmark era in American history.

The Exemplary Role Model Muhammad Feb 08 2021 The journey of humanity started in Paradise first and then continues on Earth. God created human beings in the best form and endowed them with the necessary capacity that enables them to be vicegerents of God. So, humankind is destined to act behalf on God; to provide justice and contribute to harmony among the creatures. Fulfilling this responsibility needed divine guidance and continuous support for humankind. God had sent many messengers to different nations in different time segments throughout history. We do not know all the prophets, but some of them are mentioned in the Qur'an. The Prophet Muhammad (pbuh) is the final Messenger of God, and the Qur'an is the final revelation to guide humanity to happiness in both this world and the next, by offering them the most suitable lifestyle. In this regard, it is pivotal to know the life of the Prophet Muhammad (pbuh), because it provides the proper understanding of the Qur'an. The last revelation was experienced, practiced, and taught by him, so it is not an exaggeration to say that God articulated His last message in the Prophet's life. Therefore, to understand the words of God better, it is essential to learn the life of the Prophet. The Prophet is the best role model for humankind and he represented the best human values in his nature. Discovering the different aspects of his life is indeed discovering the real value of humankind. This will also enlighten us as to why God chose humankind to be his vicegerent on Earth. He explained the meaning of this universe and introduced our Creator with His names and attributes. If we know God in His true sense, it is because of the Prophet Muhammad. Similarly, if we know how to be perfect man and represent the universal values, it is again through His exemplary life. All of humanity is in great debt to him, regarding learning the meaning of their life on Earth and achieving the happiness in both worlds. In this work, we tried to show his exemplary life, so that people can follow his way and find solutions for all kinds of problems. In this book, I discovered the different aspects, dimensions, and praiseworthy characteristics of the Prophet Muhammad (pbuh). Through this, I came to the conclusion that it is beneficial to combine S'rah with the philosophy behind it, so I have attempted to do so in this humble work.

Family and Household Religion in Ancient Israel and the Levant Jun 02 2020 During the past several decades, family and household religion has become a topic of Old Testament scholarship in its own right, fed by what were initially three distinct approaches: the religious-historical approach, the gender-oriented approach, and the archaeological approach. The first pursues answers to questions of the commonality and difference between varieties of family religion and describes the household and family religions of Mesopotamia, Syria/Ugarit, Israel, Philistia, Egypt, Greece, and Rome. Gender-oriented approaches also contribute uniquely important insights to family and household religion. Pioneers of this sort of investigation show that, although women in ancient Israelite societies were very restricted in their participation in the official cult, there were familial rituals performed in domestic environments in which women played prominent roles, especially as related to fertility, childbirth, and food preparation. Archaeologists have worked to illuminate many aspects of this family religion as enacted by and related to the nuclear family unit and have found evidence that domestic cults were more important in Israel than has previously been understood. One might even conceive of every family as having actively partaken in ritual activities within its domestic environment. *Family and Household Religion in Ancient Israel and the Levant* analyzes the appropriateness of the combined term family and household religion and identifies the types of family that existed in ancient Israel on the basis of both literary and archaeological evidence. Comparative evidence from Iron Age Philistia, Transjordan, Syria, and Phoenicia is presented. This monumental book presents a typology of cult places that extends from domestic cults to local sanctuaries and state temples. It details family religious beliefs as expressed in the almost 3,000 individual Hebrew personal names that have so far been recorded in epigraphic and biblical material. The Hebrew onomasticon is further compared with 1,400 Ammonite, Moabite, Aramean, and Phoenician names. These data encompass the vast majority of known Hebrew personal names and a substantial sample of the names from surrounding cultures. In this impressive compilation of evidence, the authors describe the variety of rites performed by families at home, at a neighborhood shrine, or at work. Burial rituals and the ritual care for the dead are examined. A comprehensive bibliography, extensive appendixes, and several helpful indexes round out the masterful textual material to form a one-volume compendium that no scholar of ancient Israelite religion and archaeology can afford not to own.

Islamic Nursery Rhymes Aug 24 2019 *Islamic Nursery Rhymes* is an endearing collection of nursery rhymes for young children to learn about the

beautiful ways of Islam in a lovely experience of singing with their parents and elders. The rhymes in the book are traditional nursery rhymes reworded with timeless Islamic meaning. For example, 'Oranges and Lemons' is an historical rhyme about ringing the bells of East London churches as a man made his journey to his execution - and the version here, entitled 'Assalam Alaykum', is about mosques in East London spreading salaam (peace) and news of prayer time. The illustrations by Fatimah De Vaux Davies are attractive and highly detailed (yet faceless) to delight children and engage their interest in the actions of practicing Muslims. For example, one illustration depicts Muslims gathering around a large Qur'an that is spilling out light. In another, Muslims are performing ritual prayers upon the earth, while boats sail, and airplanes and rockets fly. These beautiful Islamic nursery rhymes can be used as songful remembrance of Allah as a resource for developing pre-recitation skills before reading the Qur'an.

Water+Ink Coloring Book Winter 2020 Mar 31 2020 I begin my paintings with a sketch and application of colorful/bright pigment and water to the paper. I disrupt the blends with salt or water, watching as one color blossoms in water, as another color starts to travel across the paper. I utilize India Ink to demarcate changes, also adding swirls other artifacts, in the aim to achieve whimsy. My coloring books are my paintings! I run the paintings through filters and drop the color from them, leaving the lines so that you can add your own color. But wait, there's more... I've added an Augmented Reality component to this. Wonder what colors I used for that piece in the corner there? Take out your phone, download the Zappar app from your app store and "zap" the code. What happens? At the very least an image of the original painting will pop up and you can see what it looks like, side by side with the coloring page. Beyond that, you'll meet Mist, my liaison to the AR world. She will be a recurring character in all my AR work. Stay tuned and enjoy.
