thesaurus model person wikipedia

a model is a person with a role either to  
promote display or advertise commercial  
products notably fashion clothing in fashion  
shows or to serve as a visual aid for people who  
are creating works of art or to pose for  
photography though models are predominantly  
female there are also male models especially to  
model clothing a physical model most  
commonly referred to simply as a model but in  
this context distinguished from a conceptual  
model is a smaller or larger physical copy of an  
object the object being modelled may be small  
for example an atom or large for example the  
solar system in some sense a physical model is  
always the reification of some conceptual model

the conceptual model is conceived ahead as the  
blueprint of the physical one which is then  
constructed as models com is one of the most  
influential fashion news sites and creative  
resources within the fashion industry with an  
extensive database feature interviews of the  
creative stars of the industry and its influential  
top model rankings 1 a standard or example for  
imitation or comparison 2 a representation
