Todd takes learning to play walking bass lines to the next step. Featuring standard notation and TAB for all exercises on topics such as major and minor ii-V-i progressions, modes, fingering systems, and more, this is an opportunity to learn from a true artist and master of the electric bass! Why should we care about heaven? -- What is heaven like? -- When does a person go to heaven? -- Where is heaven? -- Who goes to heaven? When a Warning Siren Screams in the Desert Night, the Worst Has Happened After turning out plutonium for the Cold War, the shuttered Hanford Nuclear Facility's poisoned buildings may be a bigger risk than ever. The men who guard the facility from sabotage or monitor its buildings are told the dangers are under control. But then the worst happens--a thunderous explosion in the dead of night. Kieran Mullaney survived the blast, but when threats and silence meet his attempts to discover what really happened, he reconnects with an old friend--inexperienced lawyer Emily Hart. Convinced Hanford is hiding something, they also realize their case is sunk without more help. Emily's estranged father, Ryan, has the courtroom experience they need, but he's grown jaded and weary of the profession. Still, it's a chance to rebuild ties to Emily, and the deeper he digs, the stranger--and more dangerous--the case gets. A comprehensive study of theology and film that explores how the Christian faith is portrayed in film throughout history. Todd takes the mystery out of learning to play walking bass lines by breaking it down into small bite-sized chunks that anyone can digest. Featuring standard notation and TAB for all exercises on topics such as strong beat/weak beat theory, ear training, major and minor triads, chromatic approaches, and more, this is an opportunity to learn from a true artist and master of the electric bass! Fathering the Fatherless is a tale dealing with the growing epidemic of fatherless homes. Todd talks about the traumatic effects this has on children and how we can help. Get in touch with Todd. Taking the analysis of worldwide Christianity to a deeper level of detail, this volume focuses on Christianity in East and Southeast Asia, covering every country and offering both reliable demographic information and original interpretative essays by indigenous scholars and practitioners. It maps patterns of growth and decline, assesses major traditions and movements, analyses key themes, and examines current trends. As a comprehensive account of the presence of Christianity in every country in East and Southeast Asia, this volume is set to become a standard work of reference in its field. Created in 1746, Johnston County is located along the fall line between North Carolina's Piedmont and Coastal Plain regions. Smithfield, on the Neuse River, has been the county seat since 1771. In 1856, Johnston County became part of the Fertile Crescent along the east-west North Carolina Railroad, which spawned the thriving towns of Princeton, Pine Level, Selma, and Clayton. In the 1880s, a north-south rail line, eventually known as the Atlantic Coastline, brought Kenly, Micro, Four Oaks, and Benson into existence. Johnston County boasts film legend Ava Gardner, bootleg kingpin Percy Flowers, Vicks VapoRub, and other local claims to fame. It is still a farming county, although recent growth from the Research Triangle region has brought marked changes to the rural landscape. In recent years, Wilson's Mills and Archer Lodge have gained corporate status. These historical images tell a story not only of the extraordinary people who have called Johnston County home but also of the ordinary, everyday individuals who have left their mark. *Riveting Legal Suspense from Lawyer Todd M. Johnson* Ian Wells is a young criminal defense attorney struggling to build a Minneapolis law practice he inherited from his father while caring for a mother with Alzheimer's. Nearly at the breaking point, everything changes for Ian when a new client offers a simple case: determine whether three men qualify for over nine million dollars of trust funds. To qualify, none can have been involved in criminal activity for the past twenty years. Ian's fee for a week's work: the unbelievable sum of two hundred thousand dollars. Ian warily accepts the job--but is quickly dragged deep into a mystery linking the trust with a decades-old criminal enterprise and the greatest unsolved art theft in Minnesota history. As stolen money from the art theft surfaces, Ian finds himself the target of a criminal investigation by Brook Daniels, a prosecutor who is also his closest law school friend. He realizes too late that this simple investigation has spun out of control and now threatens his career, his future, and his life. "I want you to know something if you don't already. Life is choosing whom and what you love. Everything else follows . . ." Among the longleaf pines and family farms of eastern North Carolina, days seem to pass without incident for Margaret Clayton and Bernice Stokes until they discover each other in a friendship that will take them on the most important journey of their lives. Margaret, droll and whip smart, has a will of iron that never fails her even when her body does, while Bernice, an avid country-music fan, is rarely lucid. Irreverent and brazen at every turn, they make a formidable pair at the home where they live, breaking all the rules and ultimately changing the lives of those around them. Lorraine, their churchgoing, God-questioning nurse, both protects and provokes them while they are under her watchful eye, as her

daughter, April, bright and ambitious, determinedly makes her way through medical school. Rounding out the group of unlikely and often outrageous friends is Rhonda, the Bud-swilling beautician who does the ladies' hair on her day off and whose sassy talk hides a vulnerable heart, one that finally opens to love. Weaving this tightly knit and compelling novel in alternating chapters, each woman gets to tell her story her own way, as all five learn to reconcile troubled pasts, find forgiveness, choose hope, and relish the joy of life. Rich with irresistible characters whose uniquely musical voices overflow the pages, *The Sweet By and By* is a testament to the truth that the most vibrant lives are not necessarily the most visible ones. Todd takes learning to play walking bass lines to the next step. Featuring standard notation and TAB for all exercises on topics such as major and minor ii-V-i progressions, modes, fingering systems, and more, this is an opportunity to learn from a true artist and master of the electric bass!

*THE HEDGE* is that rare story that takes a candid personal memoir and melds it into a bold portrait of self-discovery--in this case the best that science, botany and the world of business have to offer. This is Todd Johnson's story, taken from interviews with Dr. Johnson on how a well-orchestrated journey of research, discovery and learning to navigate the complex universe of "entrepreneurial chemistry" helped him uncover one of Nature's modern miracles--Pomifera(R) Oil, and all the wonders that follow. The specter of sickness looms over the Weyrs of Pern, felling fire-lizards and threatening their dragon cousins, Pern's sole defense against the deadly phenomenon that is Thread. Fiona, the young rider of queen dragon Talenth, is about to assume the duties of a Weyrwoman when word spreads that dragons have begun succumbing to the new contagion. As more dragons sicken and die, Weyrleader B'Nik and queen rider Lorana comb Fort Weyr's archives in a desperate search for clues from the past that may hold the solution to the plague. But could the past itself prove the pathway to salvation for Pern's imperiled dragons? Guided by a mysterious ally from a wholly unexpected place, and trusting in the dragon gift for transcending time, Fiona will join a risky expedition with far-reaching consequences for both Pern's future and her personal destiny. Celebrate the inventor of the Super Soaker in this inspiring picture book biography about Lonnie Johnson, the maker behind one of the world's favorite toys. You know the Super Soaker. It's one of top twenty toys of all time. And it was invented entirely by accident. Trying to create a new cooling system for refrigerators and air conditioners, impressive inventor Lonnie Johnson instead created the mechanics for the iconic toy. A love for rockets, robots, inventions, and a mind for creativity began early in Lonnie Johnson's life. Growing up in a house full of brothers and sisters, persistence and a passion for problem solving became the cornerstone for a career as an engineer and his work with NASA. But it is his invention of the Super Soaker water gun that has made his most memorable splash with kids and adults. Over the winter of 1977-78, anyone within shouting distance of a two-mile stretch of Boston's Commonwealth Avenue - from Fenway Park to the trolley curve at Packard's Corner - found themselves pulled into the orbit of college hockey. The hottest ticket in a sports-mad city was Boston University's Terriers, a team so tough it was said they didn't

have fans - they took hostages. Eschewing the usual recruiting pools in Canada, Jack Parker and his coaching staff assembled a squad that included three stars from nearby Charlestown, then known as the "armed robbery capital of America." Jack Parker's Wiseguys is the story of a high-flying, headline-dominating, national championship squad led by three future stars of the Miracle on Ice, the medal-round game the 1980 U.S. Olympic hockey team won against the heavily favored Soviet Union. Now retired, Parker is a thoughtful statesman for the sport, a revered figure who held the longest tenure of any coach in Boston sports history. But during the 1977-78 season, he was just five years into his reign - and only a decade or so older than his players. Fiery, mercurial, as tough as any of his tough guys, Parker and his team were to face the pressure-cooker expectations of four previous also-ran seasons, further heightened by barroom brawls, off-the-ice shenanigans, and the citywide shutdown caused by one of the biggest blizzards to ever hit the Northeast. This season was to be Parker's watershed, a roller-coaster ride of nail-biting victories and unimaginable tragedy, played out in increasingly strident headlines as his team opened the season with an unprecedented twenty-one straight wins. Only the second loss of the year eliminated the Terriers from their league playoffs and possibly from national contention; hours after the game Parker's wife died from cancer. The story of how the team responded - coming back to win the national championship a week after Parker buried his wife - makes a compelling tale for Boston sports fans and everyone else who feels a thrill of pride at America's unlikely win over the Soviet national team - a victory forged on Commonwealth Avenue in that bitter, beautiful winter of '78.

With a cast of beloved characters from previous Pern novels, Dragongirl is another triumph for Todd McCaffrey—and a riveting chapter for the Dragonriders of Pern. Young Fiona, rider of the gold queen Talenth, has returned with the dragons and riders who fled into the past to heal their battle wounds and prepare to fight anew the menace of Thread. Now more than three years older, Fiona is no longer a child but a woman—thrust into authority by a shocking tragedy. But leading weyrfolk who are distrustful of a young outsider will be only one of her challenges. Despite gaining reinforcements from the past, too few dragons have survived the recent plague to stem the tide of the intensifying Threadfall. As a senior Weyrwoman, Fiona must take decisive action. With the aid of Lorana, the rider who sacrificed her dragon for others, and Fiona's true love, the harper Kindan, she proposes a daring, nearly impossible plan. But if it succeeds, it just might save them all.

Life: Do This, Not That includes everything you wish you could discuss with your children-but that you have trouble putting into words. This comprehensive guide to success, aimed at kids between ten and fourteen, covers the most critical and challenging topics of the tween years and helps open a dialogue between you and your children. One section is dedicated to the importance of abstinence during middle school and the perils of teen sexuality-from sexting to pregnancy to STDs. Another chapter delves into the Internet and the dangers of online predators. Yet another addresses criminal activity and the permanent impact it can have on everything from reputation to career options. This useful book also tackles drug and alcohol use and the slippery slope to addiction. However, Life: Do This, Not That also gives your children the tools they need to avoid these bad habits. They will create a mission statement and learn the three most important steps to success: ♦ Set and achieve goals ♦ Take care of body and mind ♦ Build healthy relationships Help your children maximize their potential and their options in life with this short, easy read packed with fun activities! About the Author Todd Johnson is a single parent of two middle school aged girls, Haley and Ashley. His passion is helping young people achieve their full potential. As a financial professional, he teaches people, young and old, about the importance of preparing for retirement. He has a BBA in finance and marketing from the University of Wisconsin-Oshkosh and an MBA from the University of Wisconsin-Milwaukee. When he is not

writing or speaking, Todd enjoys sports and fitness, especially basketball and weightlifting. He also loves movies, food, and travel, and he looks forward to seeing more of the world as life permits. Poems of wayfaring and wayfinding, recovery and discovery, from “one of the best poets of his generation” (Elizabeth Lund, Washington Post). In 2018, reeling from marital, parental, and societal losses, acclaimed poet Todd Boss risked everything to be at one with the world. Boss sold his belongings and began to circle the globe in a series of consecutive housesits. He alternately inhabited thatched-roof farmhouses, hillside estates, urban apartments, and lush gardens in Berlin, Barcelona, Austin, Austria, Marrakesh, Singapore, Baltimore, Auckland, and more. The poems in *Someday the Plan of a Town* are his only souvenirs. Written under the influence of long walks along the Thames and the Pacific, of mornings at farmers’ markets, train stations, and mountaintop basilicas, *Someday the Plan of a Town* conjures Spanish dust, English rain, French moss, Arizona cliffs, and Hungarian light, ringing all the while with timeless humor and wisdom. At the same time, these poems concern the most domestic of matters—personal grief and familial estrangement, reflections on a changing nation, and a journey of self-discovery that offers a new meaning of home. As much a commentary on modern-day America as a personal history replete with grief, *Someday the Plan of a Town* is a sensual, intellectual, and arrestingly musical map of one nomadic troubadour’s journey to self.

*This Gripping Legal Thriller Is a Perfect Summer Read* When Jared Neaton grew tired of the shady ethics of his big law firm and left to go out on his own, he never expected the wheels to fly off so quickly. One big case collapsing on him has pushed him to the brink and it's all he can do to scrape by. He can't risk another bad loss. Erin Larson is running out of options. In the wake of her father's death, she found a slim piece of paper--a deposit slip--with an unbelievable amount on it. Ten million dollars. Only the bank claims it has no record of the deposit and stonewalls her attempts to find out more. This lawsuit, her last chance, has brought only intimidation and threats. Now she needs to convince Jared to take a risk, to help her because the money is real. And both need to watch their backs as digging deeper unleashes something far more dangerous than just threats. As a barrister in 1818 London, William Snopes has witnessed firsthand the danger of only the wealthy having their voices heard, and he's a strong advocate who defends the poorer classes against the powerful. That changes the day a struggling heiress, Lady Madeleine Jameson, arrives at his door. In a last-ditch effort to save her faltering estate, Lady Jameson invested in a merchant brig, the *Padget*. The ship was granted a rare privilege by the king's regent: a Letter of Marque authorizing the captain to seize the cargo of French traders operating illegally in the Indian Sea. Yet when the *Padget* returns to London, her crew is met by soldiers ready to take possession of their goods and arrest the captain for piracy. And the Letter--the sole proof his actions were legal--has mysteriously vanished. Moved by the lady's distress, intrigued by the Letter, and goaded by an opposing solicitor, Snopes takes the case. But as he delves deeper into the mystery, he learns that the forces arrayed against Lady Jameson, and now himself, are even more perilous than he'd imagined. "The Barrister and the Letter of Marque combines the intrigue of John Grisham, the vibrant world of Charles Dickens, and a mystery worthy of Sir Arthur Conan Doyle. . . . This richly historical and lively paced story has all the makings of a modern classic."--JOCELYN GREEN, Christy Award-winning author of *Shadows of the White City* "At once atmospheric and

gripping, Johnson's latest is a luminous and refreshing new offering in inspirational historical fiction."--RACHEL MCMILLAN, author of *The London Restoration* and *The Mozart Code* "A fascinating glimpse into a Regency London readers seldom see."--ROSEANNA M. WHITE, bestselling author of Edwardian fiction *First Published* in 1998. Routledge is an imprint of Taylor & Francis, an informa company. A fascinating journey into Islam's diverse history of ideas, making an argument for an "Islamic Enlightenment" today In *Reopening Muslim Minds*, Mustafa Akyol, senior fellow at the Cato Institute and opinion writer for *The New York Times*, both diagnoses "the crisis of Islam" in the modern world, and offers a way forward. Diving deeply into Islamic theology, and also sharing lessons from his own life story, he reveals how Muslims lost the universalism that made them a great civilization in their earlier centuries. He especially demonstrates how values often associated with Western Enlightenment — freedom, reason, tolerance, and an appreciation of science — had Islamic counterparts, which sadly were cast aside in favor of more dogmatic views, often for political ends. Elucidating complex ideas with engaging prose and storytelling, *Reopening Muslim Minds* borrows lost visions from medieval Muslim thinkers such as Ibn Rushd (aka Averroes), to offer a new Muslim worldview on a range of sensitive issues: human rights, equality for women, freedom of religion, or freedom from religion. While frankly acknowledging the problems in the world of Islam today, Akyol offers a clear and hopeful vision for its future. This comprehensive reference volume covers every country in Sub-Saharan Africa, offering reliable demographic information and original interpretative essays by indigenous scholars and practitioners. When Anne McCaffrey passed in November 2011, it was not only those closest to her who mourned her death; legions of readers also felt the loss deeply. The pioneering science fiction author behind the *Dragonriders of Pern*® series crafted intricate stories, enthralling worlds, and strong heroines that profoundly impacted the science fiction community and genre. In *Dragonwriter*, Anne's son and *Pern* writer Todd McCaffrey collects memories and stories about the beloved author, along with insights into her writing and legacy, from those who knew her best. Nebula Award-winner Elizabeth Moon relates the lessons she learned from *Pern's* Lessa (and from Lessa's creator); Hugo Award-winner David Brin recalls Anne's steadfast belief that the world to come will be better than the one before; legendary SFF artist Michael Whelan shares (and tells stories about) never-before-published *Pern* sketches from his archives; and more. Join Anne's co-writers, fellow science fiction authors, family, and friends in remembering her life, and exploring how her mind and pen shaped not only the Weyrs of *Pern*, but also the literary landscape as we know it.
